Eureka, CA - This week Access Humboldt is saying goodbye and good luck to our Eureka High School Work Study superstar, Camille Carpenter, who is graduating and will be off to UC Santa Cruz to pursue a degree in Film and Digital Media.

Camille has been working in the studio as a technical director, a camerawoman, and editor of EHS student projects. "Camille was a joy to work with," said Eileen McGee, Access Humboldt's youth media instructor. "I was impressed with her attention to detail and her willingness to spend the time to get things right. She is a capable and talented young woman."

EHS students come in to AH's Community Media Center on the Campus of Eureka High School twice a week for a couple of hours to produce videos, featuring the lives and endeavors of the students.
