Builders Exchange Renovation at Eureka Teen Center

Boys & Girls Club of the Redwoods is pleased to be working with the Humboldt Builder's Exchange to ramp up our building renovation once again. Tony Lucchesi and his crew members at Pacific Builders have graciously volunteered their time, installing over fifteen new windows in the Eureka Teen Center's computer room. Stewart Telecommunications has also volunteered, installing new phone lines throughout the administrative offices.

The Boys & Girls Club of the Redwoods is a youth development program for youth ages 6 to 18. All of our sites offer a safe place, for children to learn, play, and develop citizenship and leadership skills. Club programs and services promote and enhance the development of our members by instilling a sense of competence, usefulness, belonging, and a power of influence.

The Eureka Teen Center is located within the Carson Memorial Community Center, built in 1954, and is considered a historical building in Eureka. The entire building renovations consists of new windows, updated restrooms, more office spaces, a new lounge room, better weight room, and better insulation and drywall. All of these updates will allow the Boys & Girls Club of the Redwoods to serve more youth, more effectively for years to come. We are incredibly grateful to the Humboldt Builder's Exchange for making this renovation possible.

For questions, please contact our Administrative Office at (707) 441-1030, or our Development Coordinator at (707) 502-1190.
