Marking another milestone in her quest to become the new Second District Supervisor, on Thursday March 1st, Estelle Fennell filed her candidacy papers with Humboldt County Elections, officially becoming the first to do so in what promises to be a hard fought race.

"In the months since I announced my campaign, the support I've received, both in endorsements and financial backing, have shown me that people want a change and have trust and confidence in my ability to provide the strong leadership and effective representation that is really needed for our 2nd District," Estelle commented.

With over 550 endorsements from individuals and the support of over 70 local businesses and counting, Estelle is humbled by the outpouring, "Not a day passes without people approaching me on the street with encouragement, showing their support, contributing to my campaign."

With upcoming campaign kickoffs scheduled for the Benbow Inn on March 10 from 2 – 6 pm and at the Fortuna Veterans Memorial Building on March 14 from 5 – 8 pm, people will have a chance to enjoy good food and drink and meet Estelle in a relaxed setting.

"Leading up to the June 5th election, I will continue meeting with Community groups, Business Leaders and hundreds of people at their doors for one-on-one conversations about the many issues facing our district and County as a whole.

"The thing I find most enjoyable about the campaign is talking with people, hearing their concerns, learning from them and letting them know as Supervisor, they can count on me to work with and for them and take a stand for our district and our future." People can get in touch with Estelle at 707 923 1013 or www.EstelleFennell.org
