

Group Welcomes Elaine Sedlack from Berkeley Botanical Garden

This month's program of the Eureka Chapter of the American Rhododendron Society takes us to "Gardens of Scotland," brought by Elaine Sedlack, one of the chief horticulturists at the Berkeley Botanical Garden.

Thursday, March 26, 2009
Christ Episcopal Church
15th and H Streets, Eureka

Along with the fine program, there will be a silent raffle of a number of plants, discussion about the April 25-26 Rhododendron Show, and opportunity for general questions about selecting and growing rhodies. Currently blooming trusses (blossoms) will be shown.

Refreshments will be served, and the meeting will conclude with the raffle winners gathering their rewards.

The public is welcome to join in the camaraderie and enjoy the informative program.

Questions about the meeting or membership: 443-1291 or 443-0604,
