

The Eureka Police Department has been notified by the Sierra County Coroner's Office that the identification of skeletal remains of a woman found in 2003 in their county is that of a Eureka woman named Charlene Rosser. The remains were located in a heavily wooded area off of HWY 89 that runs between Truckee and Calpine. Rosser was reported missing by her mother on 10/26/98 to the Eureka Police. She reportedly had last been seen in April of 1998. Rosser was 29 years old when she was reported missing. Rosser was known to accept rides with truck drivers. Identification was made through DNA samples from her mother and father that had been sent to the California Department of Justice DNA Lab. Rosser's family has been notified. At this time the Sierra County Coroner's Office is the primary investigating agency. If anyone has information that will help the investigation regarding Charlene Rosser you are urged to contact Sierra County Coroner's Office at 530-993-4479.
