Update:

The female in the surveillance is believed to be the female involved in the recent residential burglaries and other suspicious activities on 05/04/15. This surveillance was taken in the early morning hours while she checked residences near the 1700 block of I Street. It appears she is working with a partner in a vehicle. In the surveillance she has a leopard print backpack.

The Eureka Police Department asks that you call (707) 441-4044 if you know the identity of this female.

-----

About five calls for service relating to suspicious activity and/or residential burglaries came into the Eureka Police Department communications center on 05/04/15 between the hours of 8:15 a.m. and 1:00 p.m. All calls came within the 2400 and 2900 blocks of D-N Streets.

In most of the cases it appeared entry was attempted or made through rear alley gates and rear windows to the residence. In one case a suspicious female knocked on the front door asking about flowers and appeared to be looking into the residence. The homeowner later found all rear gates unsecured.

A similar suspect description was provided in several of these cases. The suspect is believed to be a white female adult, 18-22 years old, 5'5" to 5'7", thin build. The female was wearing a black knit beanie with a pink knit flower, leopard print leggings, black knee high boots, and a large backpack.
