City of Rio Dell

Jim Stretch, City Manager

675 Wildwood Ave.

Rio Dell, CA 95562

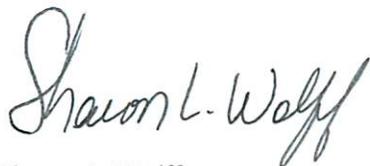

Dear Mr. Stretch;

Re. PRA Administrative Investigation For Police Department report

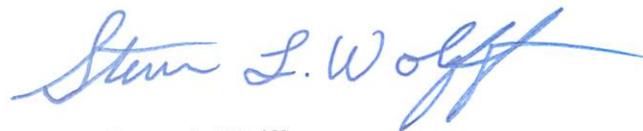

The city has contracted with Stokes & Associates for an "Administrative investigation for Police Department" report which was paid for on 3/27, as cited in the 4/10/14 check register attached to the 4/15/14 city council agenda packet. We request a copy of the completed investigation report. The investigative report is a public record when it is complete and it can be presumed by the payment to Stokes & Associates that the final report has been submitted as well as its invoice. We have previously established, beyond any doubt, that investigative reports are public records that are subject to disclosure (Wolff v. City of Rio Dell CV120162). Redacting the names of reporting parties or witnesses is certainly expected however the names of any city employee or public official, of this or any other jurisdiction, is subject to disclosure.

Electronic records are preferred.

Thank you,

Sharon L. Wolff
