## HSU Nursing program needs your support

- HSU courses stress preventive and rehabilitative health counseling and education (nutrition, medications, discharge planning), as well as acute and long-term care, supervisory roles *and Community Health Nurse*
- The degree can be used as a stepping stone to a master's degree and a role as a teacher, clinical specialist, nursing practitioner, administrator or researcher.
- In the last year, St. Joseph's hospital has hired 24 of the 30 students graduating from the BSN program. And have retained 23 of them.
- HSU Nursing students provide a caring, holistic service to the public, thereby providing care for you and your community.
