

The Fortuna Certified Farmers Market Grand Opening is June 5th, and will run through October 30th with a variety of fresh seasonal fruits and veggies, chicken, beef, lamb, pork, jams, prepared foods such as tamales and much more.

Early in the market season you will find a wide variety of vegetable and herb starts, seeds and young produce. This is also the best place to find those young trees, shrubs and flowers for planting at your home this year!

Fortuna Certified Farmers Market is also home to many locally made crafts and you can also get a 10 minute massage by Loria!

Don't forget that the market sponsors many local bands to play during market hours from July through October! Thank you to all the local sponsors that help make it possible to provide the best entertainment during your visit to the Farmers Market!!

The market is located on 10th street where it meets Main Street in Fortuna (next to TacoLoco). The certified market accepts Senior Farmers Market Nutrition Program and WIC Farmers Market coupons as well as a new addition this year; **we will now be accepting EBT/Cal Fresh!!! Better food, better nutrition = healthier food for families!**

Over the years, farmers markets have become more popular as more people are focused on eating local foods and reducing their carbon footprint. We aim to provide the freshest and most nutritious foods grown locally by your neighbors!

The market will be open for business every Tuesday, 3-6 p.m., through October 30th, rain or shine. Come on down and say hello! Buy fresh, buy local.

When: Tuesdays, 3-6 pm

Where: 10th Street meets Main Street
