PRESS RELEASE

8-3-2018

Eagle Prairie Bridge Reopens Between Rio Dell and Scotia

Eagle Prairie Bridge, also known as SR 283, reopened to traffic on the morning of Friday August 3rd. The bridge which is owned and maintained by CalTrans was closed in March of 2018 for a repainting of the structure and resurfacing of the bridge deck. Two-way traffic is currently allowed and lane striping will occur on Monday August 6th to finish the project.

The occasion was celebrated with a ribbon cutting ceremony held by the Chamber of Commerce. The reopening comes just in time for the Wildwood Days Festival, the annual event organized by the Rio Dell Volunteer Fire Department held August 3rd through the 5th.

Pictured are Abbey Barrios (Archeologist), Karen Dunham (Rio Dell City Clerk), Julie Woodall (Planning Commissioner and Chamber Member), Robert King (CalTrans Engineer), Brad Mettam (CalTrans Executive), Nick Angeloff (Planning Commission Chair and President of the Chamber of Commerce) and Mike McCracken (CalTrans Engineer).
